Freestyle Terrain

Make a Plan

- Every time you use freestyle terrain, make a plan for each feature you want to use.
- Your speed, approach and takeoff will directly affect your maneuver and landing.

Look Before You Leap

- Before getting into freestyle terrain, observe all signage and warnings.
- First scope *around* the jumps, not over them.
- Use your first run as a warm-up run and to familiarize yourself with the terrain.
- Be aware that the features change constantly due to weather, usage, grooming and time of day.
- Do not jump blindly and use a spotter when necessary.

Easy Style It

- Know your limits and ski/ride within your ability level.
- Look for small progression parks or features to begin with and work your way up.
- Freestyle skills require maintaining control on the ground and in the air.
- Do not attempt any feature unless you have sufficient ability and experience to do so safely.
- Inverted aerials increase your risk of injury and are not recommended.

Respect Gets Respect

- Respect the terrain and others.
- One person on a feature at a time.
- Wait your turn and call your start.
- Always clear the landing area quickly.
- Respect all signs and stay off closed terrain and features.

Adventure Trails (NEW)

A network of Adventure Trails has been created on Sun Valley's Bald Mountain. Adventure trails are located off major groomed runs on Baldy; recognizable by unique signs and themes from local natural and historical identifiers.

Adventure Trails to look for:

- Huckleberry Bear
- The Flume
- Red-Headed Woodpecker
- Red-Tail Hawk
- Foxy Forest

Baldy's Adventure Trails network offers fun, forested trail skiing and snowboarding for kids to practice their skills and enjoy nature. The trails are filled with natural turns, twists, and rollers for all to enjoy.

Safety First

Your Responsibility Code

Skiing and snowboarding can be enjoyed in many ways. Alpine, snowboard, telemark, cross-country and other specialized ski equipment, such as adaptive equipment, may be found at Sun Valley. Regardless of how you decide to enjoy the slopes, always show courtesy to others and be aware that there are elements of risk in skiing that common sense and personal awareness can help reduce. Observe the code listed below and share with other skiers the responsibility for a great skiing experience.

1. Always stay in control.
2. People ahead of you have the right of way.
3. Stop in a place that is safe for you and others.
4. Whenever starting downhill or merging, look uphill and yield.
5. Use devices to help prevent runaway equipment.
6. Observe signs and warnings, and keep off closed trails.
7. Know how to use the lifts safely.

Be safety conscious and know the code. It's your responsibility. This is a partial list. Officially endorsed by the National Ski Areas Association.

Blaine County Ordinance No. 86, Section 4

- Reckless skiing prohibited: No skier shall ski in a reckless or negligent manner.
- Entering a closed area prohibited: No skier shall enter or go upon any closed area.
- Duties of a ski lift passenger: No passenger shall bounce, stand up or ride a ski lift in a reckless or negligent manner.
- Penalties: Any person who violates any of the provisions in Section 4 of this Ordinance is guilty of a misdemeanor and shall, upon conviction, be sentenced to a fine of not more than \$300, or imprisonment in the Blaine County Jail for a period of not more than six months, or both.

This is a partial list.

Be Proactive

This is a mountain environment with many hazards and risks. By entering this environment, you assume and accept all associated risks. Be proactive! Educate yourself on the risks and be aware:

- Always ski or ride with a partner.
- Sun Valley trails are rated according to their difficulty relative to other trails on their respective mountains. Users of all ability levels should begin with easier trails before advancing.
- Sun Valley does not mark every hazard. Markings will not protect you from injury. It is up to you to avoid obstacles and hazards, marked or unmarked. Obstacles and hazards in this area include but are not limited to: variations in terrain, variations in surface or subsurface snow or ice conditions, bare spots, rocks, trees, other forms of forest growth or debris, lift towers and components thereof, and utility poles.
- Avoid deep snow and tree wells, as these areas expose skiers to risk of snow immersion injuries and fatalities.
- Snowmaking and grooming equipment and vehicles may operate on and around the mountain throughout the day. Watch for and avoid these.
- Treed areas are not maintained and skiing these areas is not recommended.
- "Slow Skiing" zones must be respected by all users. Violators may lose privileges.
- Idaho Code states that collisions while skiing, between any persons, are the responsibility of the persons involved, not of the area operator. Blaine County law requires that in the event of a collision, you stop to determine any injury and (unless released by the injured party) remain at the scene until Ski Patrol arrives.
- Though Sun Valley makes efforts to minimize risk of in-bounds avalanches, these natural events cannot always be avoided. Stay out of closed areas, do not ski alone, and be aware of your surroundings. Call Ski Patrol immediately if you witness an avalanche.
- Areas beyond the ski area boundary are not patrolled or maintained, and Sun Valley assumes no responsibility for the safety or welfare of skiers in these areas. Rescue in the backcountry, if available, is the responsibility of Blaine County Search & Rescue, a service often very costly to the skier.

• In case of injury or accident, place skis upright and crossed above the scene. Report the incident to any Sun Valley employee or call Ski Patrol. Remain calm and give an accurate location and description of the incident.

- These maps are renderings only. Actual conditions will vary. There are trees, rocks, cliffs and other features that are not shown. Ski with caution.
- Per Idaho Code Ann. § 6-1100, skiers recognize and assume the inherent risks of skiing in Idaho.

This is a partial list. Be aware. Ski with care.

Keep in touch for exciting kids' programs and events throughout the season.
